BLUE SPORTS REPLACEMENT PART: ELASTIC STRAPS FOR SR MASK is a compatible replacement part for Senior masks when the existing straps have become stretched out or damaged. Especially during regular training and matches, a snug-fitting mask is important to ensure that the equipment stays securely in place. The white version blends seamlessly with existing goalie gear.

- Product Type: Replacement part for masks
 - Application: Ice hockey goalie equipment
 - Compatibility: for SR mask
 - Function: Elastic straps for securing and adjusting the mask
-

Product information

- Color: white
- Package Contents: Elastic straps for mask

These replacement straps are especially useful in everyday club play when a mask needs to be properly readjusted after many practice sessions. New elastic straps help restore the mask's even fit and maintain its familiar feel. This is especially relevant for goalies and teams that don't want to replace their entire equipment unnecessarily but instead prefer to replace specific wear-and-tear parts.

It's important to ensure compatibility with an SR mask and the existing attachment points on the mask.
