Shoe size Skate Size: 11

## Product information

---

The CCM TACKS 4092 SR is an adult ice hockey skate, shown here in skate size 11 with a D width and in black. In hockey, the TACKS line is known for a more classic, balanced fit and is primarily aimed at players who are looking for a secure fit and clear guidance when choosing a size for training and everyday club play.

- Product Type: Ice Hockey Skates
- Model: TACKS 4092 SR
- Age group: Senior
- Skate size: 11
- Fit: D (Regular)
- Color: Black
- Intended Use: Training, recreational skating, and club activities on the ice

Especially when it comes to regular sessions on the ice, it's important to have a skate that fits well and matches the shape of your foot. The D width corresponds to a regular width and is therefore a common starting point for many players. In the Senior version, this model is suitable for adult players who are looking for a TACKS skate in a classic black design and don't want to experiment unnecessarily with their equipment.

Key factors in selecting this model are the senior size and the regular fit, which ensure a comfortable fit and natural feel of movement on the ice.
