Especially during daily training and games, a properly fitting pad wrap helps keep goalie gear compact. This makes it easier to manage in the locker room, during club-organized transport, or when gear needs a designated spot between ice time, the arena, and storage. The specified size is crucial because a pad wrap will only fit properly if it's tailored to the dimensions of the pads.

When selecting a pad wrap, make sure the pad size matches 26 inches by 14 inches.
