Product information

use and pairs easily with the rest of the gear.

- Product Type: Hockey Pants
- Model: Alpha X Aspire
- Agegroup: JR
- Size: XS
- Color: black
- IntendedUse: Ice hockey practice and games
- Fit: Junior size for youth players

Especially in junior hockey, hockey pants have to withstand a lot of wear and tear during games while still allowing enough mobility for skating, changes of direction, and tight game situations. The Alpha X Aspire model, in its junior version, is designed to meet these requirements and is ideal for families and clubs looking for the right pants for regular use on the ice. The JR XS size combination allows this model to be specifically tailored for smaller young players without making the selection process unnecessarily complicated.

To ensure a cohesive outfit, the pants should match the rest of the junior-sized protective gear in terms of length and fit.
