Product information

Textile dye: black

Textile size: S

Textile size-1: SR

The ASICS T-SHIRT SEAMLESS SS TOP SR is a seamless running shirt designed for regular training, where freedom of movement and a dry, comfortable feel are key. Especially during intense workouts, the soft knit fabric quickly makes a difference because it causes virtually no friction and feels comfortable against the skin even over longer distances.

- Technology: ACTIBREEZE for high breathability
- Construction: Seamless for reduced friction while running
- Material: 53% polyester, 47% nylon
- Recycled content: at least 50% of the primary material
- Feel: Soft-knit fabric that feels dry against the skin
- IntendedUse: Running training and repeated training sessions
- Color: black
- Size: S / SR

In everyday training, what matters most about a running top isn't just its weight, but how smoothly it moves with you. This is exactly where this short-sleeve shirt shines: The seamless design minimizes chafing, while the breathable fabric construction wicks away moisture more effectively. This is particularly appealing to ambitious runners who train several times a week and don't want their shirt to distract them during speed work or longer runs.

When choosing a size, check the size chart for S and SR to ensure the running shirt fits as desired.
