Especially during regular club training, it's important to have clothing that moves smoothly with every step and stays comfortable even during intense sessions. The lightweight fabric of these tights supports exactly that without adding unnecessary bulk. The ventilation in the back helps maintain a more balanced body temperature when sessions get intense, whether indoors or on the field. The high waist also ensures a secure fit, so you can stay focused on sprints, changes of direction, and technical drills during the game.

To ensure the right fit, note the combination of sizes S and SR.
