Accessory size: 54inch

The WINWELL HOCKEY GOAL PRO 54-inch is a sturdy hockey goal for shooting practice, skill drills, and impromptu games on the field or in the driveway. The steel construction provides the necessary sturdiness for regular use, while the included net rounds out the set perfectly.

- Product Type: Hockey goal for training and recreational play
- Construction: Steel frame
- Net: included

Product information

- Size: 54 inches
- Dimensions: 137 x 112 x 50 cm
- Applications: Shooting practice, target drills, and small-sided games

This size is particularly appealing to youth players, families, and coaches focusing on technical skills when looking for a goal that takes up less space than a Groß match goal yet still provides a clear, realistic target. The steel frame provides a solid foundation for repeated shots, which is noticeable during everyday use on the playground, in the yard, or during club training. A goal of this type can be easily integrated into passing and shooting drills, rebound exercises, or coordination-based games.

The dimensions of 137 x 112 x 50 cm should fit well with the intended training area.
