Product information

Pocket volume: 140l

Bag size: 76 x 41 x 36 cm

The INTERHOCKEY WHEEL REF is a large wheeled bag designed for everyday hockey use, when you need to transport a lot of equipment all at once to the field or arena. With a capacity of 140 liters, this model is primarily designed for referees, teams, or coaches who want to transport clothing, accessories, and other gear in an organized manner.

- Product Type: Wheeled Bag
- Uses: Hockey, practice, game days, and tournaments
- Volume: 140 L
- Transport: With wheels for longer distances around the arena and sports complex
- Design: No Refs No Game
- Color: black

Especially in the day-to-day life of referees and teams, it's not just storage space that matters—it's also a way to transport gear that remains more comfortable over longer distances than a traditional carry bag. The large capacity provides space for clothing, shoes, and other game or organizational gear, which is especially helpful on weekends with multiple assignments or when moving between the locker room, the gym, and the parking lot. The black design has a sleek, professional look and fits well into the functional environment of club and match operations.

With a capacity of 140 liters, it's a good idea to check the available storage space in your car or locker room.
