SMART ICE PUCK is a black hockey puck designed for training and game preparation when a reliable, consistent feel on the ice is essential. Especially in everyday club play, what matters most in a puck is clean, uncomplicated handling without distractions from unnecessary extras.

- Product Type: Hockey Puck
- Brand: SMART ICE
- Model: PUCK
- Color: black
- Intended use: Ice hockey on ice

Product information

- Training benefits: Suitable for shooting, passing, and technical training

A classic puck is one of those small pieces of equipment that's constantly in use during training. For coaches, clubs, and players who regularly work on puck handling, passing, or shooting, a simple and clean design is often just the right choice. The black version matches the familiar look on the ice and thus fits well into the normal training routine, whether during warm-ups, skill drills, or game-like exercises.

When purchasing replacement or additional pucks, it's worth paying attention to their intended use on the ice to ensure the material is suitable for the training environment.
