BLUE SPORTS POND HOCKEY GOAL brings pond hockey to a compact, easy-to-use size. This small goal is designed for play on frozen lakes and is ideal for casual games, skill drills, and impromptu sessions where space is limited and quick setup and takedown are required.

- Product Type: Small hockey goal for pond hockey
 - IntendedUse: Games and practice on frozen lakes
 - Dimensions: 91 x 30 x 30 cm
 - Design: Compact size for tight playing areas and small goals
 - Training benefits: Promotes precise shots and controlled passing
-

Product information

In pond hockey in particular, it's often not the power of the shot that counts, but clean teamwork in tight spaces. Thanks to its low and narrow design, this goal requires a well-aimed shot and is well-suited for game formats that don't require much organizational effort. This size also fits well into everyday hockey training for coaches or teams looking to work on reaction time, accuracy, and game awareness outside the rink.

The dimensions of 91 x 30 x 30 cm are intentionally compact and clearly differ from a regular ice hockey goal.
