Product information

GREEN HYGIENE MOUTH-OFF 60ML is a spray for mouthguards and belongs in every hockey bag if the mouthguard is used regularly. Especially during daily training, at tournaments, or after several sessions in a row, a care product like this helps keep your mouthguard clean and ready for use.

- Product Type: Mouthguard Spray
- Intended Use: Care and cleaning of mouthguards in everyday hockey
- Contents: 60 ml
- Application: Convenient spray format for quick equipment care
- Target audience: Club players, youth players, teams, and coaches

In hockey, mouthguards are often used several times a week and don't always end up in a bag under consistent conditions between practice, games, and the trip home. A compact spray like MOUTH-OFF fits perfectly into this routine: It's easy to carry and helps ensure regular care of a mouthguard with minimal effort. This is especially useful in club settings, where equipment needs to be ready quickly and ease of use is key.

When choosing a product, it's especially helpful to consider its intended use: This product is designed for maintaining mouthguards, not as a mouthguard itself.
