ZANDSTRA BOBBY DOUBLE BLADES are classic ice skates designed for children's first confident steps on the ice. The double blades provide excellent stability and make it especially easy for children to get started. Especially when balance and confidence are still being developed, this design helps children stand more steadily and learn their first steps correctly.

- Product type: Children's glide skates with double blades
- Blade system: two parallel blades for high stability
- Intended use: first attempts at skating and moving freely on ice
- Target audience: Beginner children and families focused on a safe start
- Design: Classic "Bobby" double-blade design

Product information

- Package contents: 1 pair of ice skates

Unlike simple single-blade skates, the focus here is not on athletic cornering, but on a smooth, reliable introduction to skating. This is particularly helpful in everyday situations, whether on natural ice or at an ice rink, where the initial focus is on balance, stability, and movement patterns. For parents looking for an uncomplicated start to ice skating, this design is easy to understand and a practical choice.

Before making your selection, it's worth taking a quick look at the appropriate size and how the skates fit over your shoes.
