Product information

Shoe size Skate Size: 4.5
Shoe color: black

KNAPPER AK5 HOCKEY SHOES JR are designed for young hockey players' everyday indoor play and training. Available in black and skate size 4.5, this junior model combines a non-marking sole with noticeable cushioning in the forefoot area—where things often get hectic during quick changes of direction, stick contact, or ball contact.

- Product Type: Junior Hockey Shoes
- Intended use: Ball hockey and other indoor sports
- Sole: non-marking
- Padding: Enhanced in the instep and toe areas
- Protection: Absorbs shocks and reduces impact
- Feel: Designed for comfort and durability for young athletes
- Size: Skate Size 4.5
- Color: black

Especially for young athletes, a shoe that moves with the foot while offering some extra protection in key areas is essential. The additional padding on the top of the foot and toes is particularly useful during training when not every move is executed perfectly and contact with the ball or equipment is common. At the same time, the shoe is designed for regular training sessions without focusing solely on a soft, comfortable feel. The non-marking sole works well in the gym and makes the shoe suitable for other sports besides floor hockey.

When it comes to junior shoes, it helps to carefully match the skate size with the fit currently in use.
