Color: black

Accessory size: XS

The AEGIS BIB in XS is a neck protector designed for hockey that provides additional coverage for the neck area during practice and games. Especially for goalie gear or for young players—for whom a seamless fit of protective gear is crucial—a simple, comfortable fit without unnecessary distractions is key. In black, the model maintains a sleek, sporty look.

- Product Type: Neck Protector Bib
 - Protection Area: Neck with extended bib area
-

Product information

- IntendedUse: Hockey, practice, and games
- Fit: Compact size XS
- Size information: Labeled S/M in the existing product specifications
- Color: black

A bib-style neck guard not only covers the neck but also extends downward, which is often useful when worn with other protective gear. This is particularly helpful when equipment for goalies or youth players needs to fit as snugly as possible without unnecessarily restricting movement. AEGIS opts for a clean, functional design that focuses on the essentials.

When selecting a size, it's worth taking a close look at the size specifications, as both XS and S/M are listed in the product details.
