Product information

Stick length:	23inch
Color:	black
Goalkeeper Regular/Fullright:	Regular
Bends:	T31
Stick size:	INT

The TRUE Project X/2024 is a goalie stick designed for youth and intermediate players, specifically for goalies looking for a reliable length and a clearly defined blade shape during practice and games. At 23 inches (58 cm), this model is well-suited for younger or smaller goalies who need smooth handling in the crease.

- Product Type: Goalie Stick
- Size: INT
- Length: 23 inches / 58 cm
- Curve: T31
- Style: Regular
- Color: black
- IntendedUse: Ice Hockey Goalie

A well-fitting goalie stick makes all the difference, especially at the junior and transitional levels: when positioning yourself at the post, deflecting rebounds, and handling simple puck plays in front of the net. The T31 curvature provides a clear guideline for the blade shape, while the Regular model is designed to match the corresponding catch and stick-hand combination in goal. The black finish offers a understated and classic look.

In addition to stick length, it's important to choose the right model and the desired curvature so that the stick fits naturally into your daily movements in goal.
