SHOCK DOCTOR MOUTHGUARD SHOCK DOCTOR 8901 SUPER FIT SR is a sports mouthguard designed to provide protection while still allowing for easy breathing and clear speech. Especially in hockey, where speed and communication come together on the field or in the arena, a well-ventilated design makes a noticeable difference during practice and games.

- Product Type: Mouthguard for all sports
- Technology: Innovative technology focused on airflow
- Ventilation: Designed for greater breathability
- Functionality: supports clear speech
- Construction: High-tech injection molding
- Protection Area: Designed to provide protection from various angles
- Size: SR
- Color: black

In everyday hockey, it's often not just the protection itself that matters, but also how discreetly a mouthguard can be worn. This model is primarily designed for adult players who train and play regularly and are looking for more than just a standard design. The combination of a ventilated design and a shape engineered for better speech clarity helps you breathe more easily even during intense play and communicate clearly on the field. The black design has a understated, sporty look.

For mouthguards in size SR, the fit should be appropriate for the adult age and size range.
