## Product information

---

Goalkeeper color: black

Goalkeeper size: JR

Goalkeeper size Shooter: S/M

The WARRIOR X5 JR in size JR S/M is a goalkeeper upper-body protector for youth players that effectively combines mobility and coverage. Especially at the junior level, it's important to have gear that keeps up with quick reactions in front of the goal while reliably protecting the shoulders, biceps, and upper body.

- Product Type: Upper-body protection for goalies
- Weight: Lightweight for unrestricted movement
- Protection area: Shoulders, biceps, and upper body
- Elbow protection: molded elbow pads
- Adjustment: Velcro straps on shoulders and back plate
- Fit: Designed for easy adjustment
- Size: JR, S/M
- Color: black

On the ice, the lightweight design really stands out: movements remain fluid, changes of direction feel less restricted, and the upper body can move freely. At the same time, the wide coverage in the shoulder and chest areas ensures a secure fit during practice and games. The contoured elbow pads help ensure a secure fit even during dynamic goalie movements. Another practical feature for parents, young goalies, and clubs is that the shoulders and back plate can be quickly adjusted with Velcro—for example, to accommodate seasonal growth or when switching between training and game gear.

For junior goalkeepers, it's worth taking a close look at the appropriate JR size S/M to ensure that the protective coverage and freedom of movement align perfectly.
