Goalkeeper Regular/Fullright: Fullright

Goalkeeper color: white

Goalkeeper size: INT

WARRIOR G7 INT WHITE is a goalkeeper blocker for junior players at the intermediate level, designed for the Fullright configuration. Especially in indoor and field hockey, when facing fast shots, it's not just protection that matters, but also

Product information

calm, controlled rebound behavior. This is exactly where the 35-degree board shape comes into play, supporting more precise ball distribution after a save.

- System: 35-degree board shape for more controlled rebound behavior
- Mobility: Improved wrist design for greater freedom of movement in goal
- Finger protection: Finger guards with full range of motion
- Index Finger Protection: X-Foam protection on the index finger
- Construction: HyperComp-reinforced design
- Fit: Adjustable side finger protection and contoured thumb and finger protection
- Palm: non-removable palm
- Variant: white, size INT, Fullright

During daily training and in games, this combination really makes a difference, especially when multiple actions occur in quick succession in tight spaces. The more flexible wrist construction aids in quick reactions, while the finger guards combine protection with a natural grip. The laterally adjustable finger guard and the contoured shape around the thumb and fingers make it easier to customize the fit to your own hand and the rest of your goaltending setup.

Important when selecting: This model is designed for right-handed goalies in size INT.
