Product information

Goalkeeper color: black

TRUE WARRIOR CATALYST 7X5 SR BLACK are goalie pants designed for ambitious goalies who rely on reliable protection and freedom of movement during practice and games. Especially when performing frequent butterfly movements, quick shifts, and dealing with tight rebounds, it's crucial to have pants that provide protection without feeling cumbersome.

- Technology: patented Intelligent Body Protection (IBP)
- Protection: Shock-absorbing design in key areas
- Ventilation: Mesh lining for air circulation
- Mobility: Designed for fluid movements and quick reactions
- Intended use: Ice hockey goalies, regular practice and games
- Fit: Senior size SR
- Color: black

In a goalie's day-to-day routine, this design really shines when protection and mobility are both required. IBP technology provides cushioning in high-impact areas, while the ventilated inner lining helps maintain a comfortable feel even during high-intensity play. This keeps the pants flexible enough for controlled slides, quick changes of direction, and smooth movement in low positions.

This model is particularly appealing to club players and performance-oriented goalies looking for functional senior-level pants that effectively combine comfort, breathability, and protection.
