Product information

Goalkeeper color: black

Goalkeeper size: SR

WARRIOR X5 PRO SR KNEE PADS are designed for goalies for whom knee contact, quick movements on the ice, and a reliable fit are essential parts of their basic gear. Especially during regular practice and games, it's important to have knee pads that fit snugly under your goalie gear without unnecessarily restricting mobility. In black, this model blends discreetly into your goalie gear.

- Product Type: Knee pads for hockey goalies
- Model: X5 PRO
- IntendedUse: Training and games in goal
- Size: SR
- Color: black
- Fit: Designed for senior players

In a goalie's day-to-day routine, a well-fitting knee pad really makes a difference, especially when you need to perform the same movements cleanly and repeatedly: when dropping into low positions, during lateral shifts, and in situations where your gear needs to work seamlessly together. The X5 PRO model is therefore primarily aimed at senior goalies in club settings who want to build a cohesive gear setup and don't want to settle for a basic solution when choosing protective gear.

The size SR should match the rest of the goalkeeper's gear and provide a comfortable fit around the knee.
