Product information

Goalkeeper color: black

Goalkeeper size: SR

The WARRIOR X5 RTL Groin Guard in size SR is designed for goalies who value reliable protection and a comfortable fit during practice and games. The two-layer front is designed so that the front plate shifts when struck by a puck, distributing the impact. It also features an ergonomic abdominal pad that provides support in the neutral position and makes the fit more comfortable.

- System: two-layer protection with a movable front plate
- Functionality: distributes the impact of puck hits across the front structure
- Fit: Ergonomic abdominal pad for support in the standing position
- Adjustment: 4-point Velcro closure for easy adjustment
- Integration: easily fits into goalkeeper pants
- Mobility: Designed for efficient movement in goal
- Size: SR
- Color: black

For goalies who play regularly, it's not just the protection itself that matters, but also how the equipment works with movements like the butterfly, getting up, or shifting sideways. This is where the design really shines: The groin guard fits snugly against the body, doesn't add unnecessary bulk under the pants, and remains easily adjustable via the Velcro closure. This is helpful when you need to adjust your gear quickly and precisely during daily training.

In addition to the level of protection, the Senior size SR is particularly important for selecting the right fit.
