BLUE SPORTS PLASTIC BLADE BL-PJTC BLACK is a simple replacement blade for hockey. Especially in everyday club life, when equipment needs to be replaced quickly or a clear, straightforward solution is required, what matters most is clean, robust basic functionality. The black design offers a understated, sporty look.

- Product Type: Plastic blade for hockey sticks
- Applications: Training, club use, and equipment replacement
- Construction: Plastic blade

Product information

- Variant: BL-PJTC
- Color: black
- Package contents: 1 blade

For coaches, clubs, and players looking for a practical replacement solution, a plastic shovel is often a particularly attractive option because it's easy to handle in daily use. It's ideal for situations where racket equipment is subject to regular wear and tear and where a quick replacement without unnecessary hassle is important. Such a blade is also a good fit in youth and training settings where functionality and practicality for everyday use are priorities.

Before making a selection, it's worth taking a quick look at compatibility with your existing racket system to ensure the shovel fits your desired setup.
