Accessory size: 60 mm

EXEL XC AVENGER BASKET ORANGE is a stick end cap for hockey sticks with a 10 mm mount. The 60 mm version is designed for players and clubs who prioritize a precise fit and easy compatibility with their existing sticks when purchasing replacement parts.

- Product Type: Stick end cap for hockey sticks
- Compatibility: Fits 10 mm shank
- Size: 60 mm

Product information

- Application: Replacement or exchange at the end of the shaft
- Color: Orange
- Design: Compact disc shape

Especially during training or regular game play, small replacement parts are essential equipment that should fit right away. A 60-mm stick plate provides clear guidance when selecting a replacement and is suitable for use where the existing mount is designed for 10 mm. This ensures the stick is quickly ready for use again after replacement, which is particularly helpful in everyday club use or when managing multiple sticks in the equipment inventory.

For installation, the diameter of the mount on the stick should match 10 mm.
