ROLLERGARD BLADE GUARDS are a practical choice for the walk from the locker room to the ice and back. The blue version protects the blades while walking off the ice, making it a piece of equipment that often quickly becomes indispensable in everyday training.

Especially in club settings, during youth training sessions, or on long game days, having straightforward equipment is key. Blade guards help protect skate blades from unnecessary contact with hard surfaces while walking through the arena or around the locker room. This is especially useful when skates are in regular use and there's no time for detours between the ice, the bench, and the locker room.

It's important to ensure the protectors fit the skates properly so they sit snugly on the blades.
