INTERHOCKEY PLATINUM BLADE PROTECTORS reliably protect skate blades on the way to the locker room, through the arena, or after practice. A well-fitting blade guard is especially important in youth and club hockey to protect the blades while walking off the ice and to ensure that equipment can be stored neatly.

- Product Type: Blade guards for ice skates
- Intended use: Protecting blades off the ice
- Size range: CH9 to CH13
- Age group: YT
- Additional sizes: Available in YT, JR, and SR

Product information

- Color: black

The INTERHOCKEY PLATINUM BLADE GUARD in the YT version is primarily designed for children just starting out in hockey, as well as for parents who look for simple and practical features in their equipment. Blade guards are among the small items that quickly become essential during practice: whether heading to the bench after getting off the ice, walking through the rink hallway, or stowing them away in a bag. The black design has a understated look and fits seamlessly into daily use at the club.

It's important to match the blade size in the CH9 to CH13 range.
