GREEN BISCUIT GREEN BISCUIT PUCK - NHL is a training puck designed for off-ice hockey drills and is particularly suited for players who want to work on stickhandling, passing, and puck control. The Anaheim Ducks edition clearly showcases its NHL connection and features a color combination of blue, yellow, gold, navy, red, and black.

- Product Type: Training puck for off-ice hockey
- Intended Use: Stickhandling, passing, and technical training on hard surfaces
- Design: Anaheim Ducks NHL edition
- Feel: Designed for glide-like puck handling off the ice
- Color: blue, yellow, gold, navy, red, black

Product information

- Accessory color: blue, yellow, navy, red, black

Especially during technical training, it's important to have a puck that supports clean movements and can be controlled on asphalt or other smooth surfaces. That's exactly where this model's strength lies: It helps players consistently practice their hand-eye coordination, timing, and passing without needing ice time. This is particularly beneficial for youth and club players who want to incorporate additional repetitions into their daily training routine.

For shooting drills, an off-ice training puck isn't always the best choice, depending on the surface; its strengths clearly lie in dribbling and passing.
