Accessory size: 305

HOWIES SHOE LACES 305 CM WAXED is an extra-long set of shoelaces for hockey skates, ideal when more length is needed due to a large number of eyelets or a tight lacing. The waxed version ensures even lacing and helps keep the knot secure during practice and games. In blue, this version pairs well with both bold and classic looks.

- Product Type: Waxed Shoelaces for Hockey Skates
- Length: 305 cm / 120 inches
- Finish: waxed

Product information

- Benefits: even lacing and a secure fit
- Uses: Practice, games, and equipment changes
- Color: blue

Especially in everyday club life, good laces often make more of a difference than you might think at first glance. Anyone who laces their shoes tightly and neatly appreciates a style that can be pulled through the eyelets with control and doesn't give way with every movement. The 305 cm length is particularly useful when lacing up tall hockey skates or when you intentionally want a little extra length for the final knot. The waxed surface is especially practical in hockey because it provides a direct, stable feel when tightening and tying.

Before making your selection, briefly compare the length of the laces you've used so far or the number of eyelets on your shoes to ensure the 305 cm length fits your equipment.
