HOWIES THIN WAXED SHOE LACES are a practical choice when hockey shoes require slim, sturdy laces. The white-waxed version, measuring 244 cm, is ideal for players, parents, and teams who prefer a straightforward, uncomplicated setup when purchasing replacement laces and want to avoid unnecessarily bulky lacing.

- Product Type: Thin, waxed shoelaces
- Length: 244 cm / 96 inches

Product information

- Style: narrow shape for a compact lacing
- Surface: waxed
- Color: white
- Other sizes available: 274 cm and 305 cm
- Usage: Replacement or spare laces for hockey skates

It's especially during daily training that you realize just how comfortable a waxed lace can be: The lacing typically stays tighter and glides smoothly through the eyelets. The thin design is well-suited for players who prefer a more direct feel when lacing up and want to secure the shoe snugly to their foot. This is also practical for clubs and families because worn-out or torn laces can be replaced quickly and easily.

To make the right choice, it's worth taking a quick look at the lace length you've been using on your shoes so far.
