Stock type: Pair

ZERO KUF DIARC XS is a pair of black replacement blades for hockey. Measuring 247 mm, this model is designed for players or teams who want to ensure a precise fit when replacing blades and need to be back in action quickly during daily training or games.

- Product Type: Blades for Hockey Skates
 - Model: Diarc XS
 - Length: 247 mm
-

Product information

- Color: black
- Packaging: Pair
- IntendedUse: Replacement for existing blades

Especially in club settings or with regular ice use, a suitable replacement blade is more than just an accessory. When the existing blades are worn out or it's time for a change, what matters most is the right fit and seamless integration into the existing setup. The Diarc XS blades are sold as a pair, which makes it easy to replace both sides at once and is essential for a consistent skating feel.

The length of 247 mm should match the boot or chassis being used.
