Shoe color: white

CCM SPEEDBLADE XS WHITE is a blade holder for ice hockey skates and is primarily intended for players and equipment managers at clubs who need to replace a damaged holder or get a skate back into playing condition. The white finish and 215 mm length are clearly designed for a specific setup size.

- Product Type: Blade holder for ice hockey skates
- System: SpeedBlade XS
- Color: White

Product information

- Length: 215 mm
- Model: L
- IntendedUse: Replacement or exchange for hockey skates
- Compatibility: Compatible with the XS mounting system and the corresponding boot/mount size
- Variant: Left, Right

A properly fitting blade is especially important during regular training and games to ensure the skate performs well on the ice and the setup remains consistent. The SpeedBlade XS system is well-known in the hockey world and is valued wherever equipment replacement and service need to be carried out quickly. At 215 mm, this version is designed for skates that require exactly this blade holder length.

Key factors to consider when selecting a blade holder are the correct blade holder length, the correct side, and compatibility with your existing skate.
