Shoe width: D (Regular)

The MARSBLADE O1 KRAFT CREW JR is a junior off-ice skate designed for young players who want to work on their skating technique, balance, and movement patterns even when they're off the ice. The O1 system is known for providing a skating feel similar to that on ice and is designed for young players for whom clean edge work, a stable knee axis, and controlled weight transfer play a major role in training.

- Product Type: Junior Off-Ice Skate
- System: Marsblade O1

Product information

- Training Focus: Ice-hockey-like skating motion and balance off the ice
- Model: Kraft Crew JR
- Fit: D, Regular
- Sizes: Skate sizes 3 through 6, including half sizes 3.5, 4.5, and 5.5
- Target audience: Juniors and ambitious young players in hockey training

Especially at the youth level, it makes a difference when off-ice training not only builds endurance but also supports movements similar to those used in ice skating. This is exactly where this model fits in. The design appeals primarily to young club players who regularly practice their technique and work on their skating even between ice sessions. The Regular fit in size D provides a versatile foundation for many foot shapes in the junior category.

When selecting a pair, it's important to choose the right skate size within the range of 3 to 6. For growing feet, it's worth taking a close look at the length and fit of the shoe.
