## Product information

---

- Sizes: EU 36, 37, 38, 40
- Brand: ROCES

A roller skate of this type promotes a smooth riding experience and makes it easier to master proper weight transfer, balance, and initial direction changes. This is particularly helpful when you're still working on stability while standing and maintaining a consistent stride. At the same time, this model is also ideal for relaxed recreational use when you're looking for a classic skating feel. The size range from 36 to 40 covers a range that's frequently in demand among teens and smaller adults.

When it comes to roller skates, it's worth taking a close look at the appropriate EU size to ensure a balance between support and freedom of movement.
