in Delivery between **Thu 29. Oct - Mon 02. Nov 2026**

4 in stock

Shoe width: D (Regular)

MARSBLADE O1 KRAFT PRO SR is an off-ice chassis designed for senior-level players who want to make the skating experience on asphalt or indoor surfaces feel more like skating on ice. The O1 design is well-known for hockey-specific training off the ice and is particularly aimed at ambitious club players who are working on their skating technique, balance, and transitions.

- Product Type: Off-ice chassis for hockey skates
- System: MARSBLADE O1

## Product information

---

- IntendedUse: Off-ice hockey training
- Age group: SR
- Variant: Kraft Pro
- Fit: Shoe width D, Regular
- Size: Skate sizes 6 to 11.5
- Model: 6 D

Especially during summer training or additional sessions off the ice, it's not just about the wheels under your shoes—it's about a movement pattern that mimics skating as closely as possible. That's exactly where this chassis comes in. The flexible O1 construction supports an active push-off and dynamic weight transfer, which is noticeably beneficial during technical training, edge work off the ice, and repeated changes of direction. For players who train regularly and carefully choose their off-ice setup, this makes a clear difference compared to rigid, standard solutions.

Key factors to consider when selecting a pair are the correct skate size and the Regular fit in D.
