Product information

Textile dye: black

INTERHOCKEY DENVER JR LONG JACKET is a long hockey jacket for youth players, designed for practice, warm-ups, and the walk to the locker room. The black design has a simple look and fits well into everyday club life, while the junior sizes are tailored to younger players.

- Product Type: Long tracksuit for juniors
- Uses: Hockey practice, everyday team activities, and warm-ups
- Model: Denver 120
- Color: black
- Sizes: 120, 130, 140, 150, 160
- Target audience: Young players and club kids

Especially at the junior level, equipment that's simple and holds up during regular training sessions is key. A long tracksuit like this is ideal when players need to move quickly between the locker room, the arena, and the playing field, and when a closed, athletic outfit is required. For parents and teams, the clear sizing chart is particularly helpful because it allows for a more precise selection of the right size for young players.

When choosing a size, it's a good idea to check the player's usual clothing size and consider whether they'll be wearing additional hockey gear underneath.
