Textile dye: blue

Textile size-1: SR

BLUE SPORTS BLUE PRO KEVLAR is a hockey sock designed for regular use on the ice, where durability and a comfortable fit are essential. Especially during daily training and in busy weeks, you need a sock that stands out from a simple, standard model. The Pro-Kevlar model is designed primarily for senior club players who carefully select their equipment.

- Product Type: Hockey Socks
- Model: BLUE PRO KEVLAR

Product information

- Technology: Kevlar reinforcement as indicated by the model name
- IntendedUse: Training and games on the ice
- Age group: SR
- Sizes: S, M, L, XL
- Color: blue

In hockey, it's often the small pieces of equipment that make a difference in day-to-day play. A sock with a Kevlar lining appeals to players who don't want to settle for a basic solution in high-wear areas. These are ideal for intense training weeks, frequent changes in the locker room, and equipment that needs to perform consistently throughout the season. The blue version blends seamlessly with many team uniforms.

For a snug fit, we recommend choosing a size that matches your foot and how your skates feel; available in sizes S through XL in the senior (SR) version.
