A cotton model is often the best choice, especially for adults who want to wear a simple fan shirt at the stadium, on the way to practice, or during everyday club activities. The fabric feels familiar and is well-suited for everyday situations, while the large team logo immediately shows which NHL team you're rooting for. Unlike purely functional tops, the focus here isn't on performance on the ice, but rather on a classic, comfortable fan look with a clear hockey message.

To help you choose, take a look at the desired fit within the SR sizes XS through XL.
