Product information

Textile size-1: YT

AYCANE KOMBI PANTS BLADE Y YOUTH are base layer pants for young hockey players that combine extra protection with plenty of freedom of movement during sprints, changes of direction, and tight game situations. The cut-resistant zones on the thighs and Achilles tendon are positioned where they are most effective in youth hockey, while the lightweight compression fit hugs the leg snugly for a performance-oriented feel.

- Product Type: Base layer pants for youth players
- Protection: cut-resistant zones on the thighs and Achilles tendon
- Construction: ultra-stretchy fabrics developed in Germany
- Feel: High freedom of movement with a snug fit
- Ventilation: Waistband with ventilated design
- Fit: Light compression along the entire leg
- Sizes: S, M, L, XL
- Age group: Youth, also marked with "YT"

Especially during training and games, younger players need gear that provides protection without feeling heavy or stiff. That's exactly where the BLADE Y comes in: It feels like a pair of functional base layers but offers targeted protection in areas where contact with the stick is more likely. The elastic construction supports natural running motion, ensuring that sprints, deep knee positions, and quick stops aren't hindered. The ventilated waistband also helps keep the pants comfortable even during intense training sessions.

To help you choose, consider the desired snug base layer fit and the appropriate youth size.
