Product information

Textile size-1: JR

BONDERKAGE ELITE HOSE/CUP JR are junior jockstraps designed for everyday hockey, where mobility, fit, and comfort must all come together. Especially for young players, it's important to have gear that doesn't need constant readjustment during practice and games and stays dry even under intense physical activity.

- Product Type: Junior pants with a cup
- Technology: Hydrocloth technology for a dry, comfortable feel
- Material properties: 4-way stretch with bamboo fiber
- Functionality: breathable and allows for freedom of movement
- Hygiene features: Antimicrobial finish with odor-inhibiting effect
- Fit: Sock tabs with Velcro fasteners
- AgeGroup: JR
- Size: L or XL

In hockey, this combination really shines when there are frequent changes of direction, deep strides, and longer practice sessions on the ice. The elastic material supports freedom of movement, while the breathable construction wicks away moisture more effectively. In addition, the sock tabs with Velcro fasteners help ensure the gear fits snugly and stays securely in place throughout training or a game. For young players and parents, this is a sensible choice when comfort and functionality are equally important in basic gear.

When selecting, look for the "JR" designation and the appropriate size, L or XL.
