Product information

Textile size-1: SR

The BONDERKAGE ELITE SHORT/CUP SR is designed as a functional pair of shorts with a cup for everyday hockey play, when mobility and a dry, comfortable fit are important on the field or during practice. The SR version is designed for adults looking for a close-fitting, breathable base layer to wear under their equipment.

- Product Type: Hockey shorts with a cup
- Technology: Hydrocloth for a drier feel during physical activity
- Material: 4-way stretch with bamboo fiber
- Features: antimicrobial and odor-resistant
- Mobility: flexible construction for plenty of freedom of movement
- Fit: Sock tabs with Velcro closures
- Size: SR, available in S through XXL

This combination really makes a difference, especially during regular training: The elastic material follows your movements as you push off, turn, or get into low running positions without restricting your movement unnecessarily. At the same time, the breathable design helps maintain a comfortable body temperature under the rest of your hockey gear. The odor-resistant and antimicrobial properties are especially practical for everyday club use with frequent games. The sock tabs with Velcro help keep the gear securely in place.

To make the right choice, check the desired SR size (ranging from S to XXL) and consider your preferred fit under protective gear.
