For club players and coaches in particular, a sweatshirt like this is often just the thing when an extra layer is needed between the locker room, the gym, and the trip home—without the clothing looking out of place in a sports setting. The crew-neck style is easy to wear under a jacket or on its own during warm-ups, while waiting before practice, or during the recovery phase afterward. Terry fleece in this type of product offers a soft, comfortably warm feel—just what's appreciated in classic sports sweaters.

Use your usual top size as a guide when selecting a size. Thanks to SR sizing, this model is tailored for adults.
