Product information

Shoe width: S

The TRUE TF7 SR is an ice hockey skate designed for senior players who are looking for a direct feel on the ice, light weight, and a precise fit during regular practice and games. The one-piece, thermoformable fiberglass construction really shines during quick changes of direction and tight turns, as the skate hugs the foot very closely and transfers power cleanly to the ice.

- Technology: one-piece, thermoformable fiberglass shell
- Fit: anatomically designed for a snug, direct fit
- Feel: lightweight design with dynamic power transfer
- Blade holder: SHIFT holder with BenchChange for quick blade changes
- Inner Lining: Antimicrobial and moisture-wicking
- Tongue: anatomically shaped felt tongue, stiff and contoured
- Width: S
- Sizes: Skate sizes 6 through 11, including half sizes

In everyday hockey play, the TRUE TF7 SR really shines when a skate needs to not only fit comfortably but also respond quickly to stress. The dense foam construction on the inside enhances comfort, while the lining wicks moisture away. Together with the contoured felt tongue, this creates a firm, stable fit that's particularly appealing to ambitious club players.

The narrow S width is suitable for slimmer feet. With thermoformable skates, it's important to choose your size carefully.
