Stick size: JR
Player hardness: 30
Bends: 92
Color: black

The FISCHER RC ONE XPRO YT is a high-end hockey stick for youth players, designed for young elite players who need their shots and passes to be direct and precise. The one-piece construction ensures that as much energy as possible is channeled directly into the shaft and blade and transferred cleanly to the puck.

Product information

- Product Type: Performance hockey stick for ice hockey
- Construction: one-piece for direct energy transfer
- Technology: Innovative fiber alignment for faster puck release
- Blade: with integrated carbon bridges to stabilize the blade
- Curvature: 92
- Hardness: 30
- Size: JR
- Stick Type: Left or Right

Especially at the competitive junior level, a stick that doesn't feel sluggish during shots and responds cleanly to rapid passing sequences makes a real difference. The optimized fiber alignment promotes a quick release of the puck from the blade, which is helpful for direct shots, quick wrist shots, and tight spaces along the boards. In addition, the stabilized blade provides a controlled feel when receiving, guiding, or quickly passing the puck. The black design keeps the look simple and sporty.

When selecting a stick, consider whether it's left- or right-handed, as well as the JR size and stiffness level 30, to ensure the stick matches the player's age, height, and playing style.
