Color: navy

The CCM HTC TACKS 70 NAVY is an ice hockey helmet designed for beginners and recreational players, with comfort as a top priority right from the start. Especially during those first practices or relaxed sessions on the ice, a fit that doesn't pinch but still provides a secure feel is essential. That's exactly where this model shines, thanks to its two-layer foam lining.

- Product Type: Ice Hockey Helmet
- Foam Construction: Two-layer inner lining with dense base foam and a soft top layer
- Fit: Soft upper foam layer comfortably conforms to the head

Product information

- Protection concept: The base foam absorbs impacts in conjunction with the shell
- Ventilation: Airflow facilitated by the design of the foam liner and shell
- Intended use: Ice hockey and recreational skating
- Color: navy
- Sizes: XS, S, M, L

In everyday hockey play, this design really shines when you don't want to spend a long time breaking in a helmet. The softer upper layer fits more comfortably on the head, while the denser base provides the necessary structural support. Added to this is a shell shape inspired by professional helmets, which is clearly rooted in hockey aesthetics. For youth, recreational, or casual use, this is a straightforward, uncomplicated solution offering a balanced combination of comfort and protection.

To ensure a snug fit, it's important to choose the right size so that the helmet sits evenly and securely on the head.
