Product information

Color: navy

The CCM HTC 210 TACKS NAVY is a hockey helmet designed for players looking for a compact, secure fit on the ice. The low profile and the interior design, which is engineered for a snug fit, reduce air pockets inside the helmet, ensuring a secure, snug fit that is highly valued during regular practice and everyday club play.

- Product Type: Hockey Helmet
- Construction: slim shape with a low profile
- Fit: Designed to minimize gaps in the lining and provide a snug fit
- IntendedUse: Ice hockey training and games
- Color: navy
- Sizes: S, M, L

For club players and ambitious youth players in particular, a helmet makes a big difference when it not only provides protection but also fits securely and snugly on the head. That's exactly where this TACKS model comes in: The shape stays close to the head, ensuring a snug fit and creating a cohesive look with the rest of your gear during gameplay. The dark blue design also pairs well with many team colors and classic hockey outfits.

It's important to choose the right helmet size to ensure a snug fit. No hockey helmet can prevent or completely rule out head injuries or concussions.
