Product information

Color: black

The CCM HT 310 TACKS BLACK is an ice hockey helmet designed for performance-oriented players and ambitious youth players who value a secure fit and a modern, sleek design during practice and games. The 3D-molded inner lining provides full-surface contact, while R3FLEX Protection and dual-density foams are designed for dynamic impact management.

- Technology: R3FLEX Protection
- Protection Concept: Dual-density foams for dynamic impact management
- Lining: 3D-molded and full-coverage
- Construction: lightweight, ventilated helmet shell
- Fit: Slim, low-profile shell shape with a comfortable fit
- Intended Use: Ice hockey for regular practice and games
- Color: black
- Sizes: S, M, L

The combination of ventilation, low weight, and a snug-fitting inner lining is particularly noticeable during intense sessions on the ice. The helmet fits snugly against the head without appearing unnecessarily bulky, making it an attractive option even for players who prefer a direct, athletic fit. The TACKS line is clearly designed for everyday hockey with regular use, from early-morning tournaments to demanding evening games with the club.

To ensure optimal performance on the ice, the helmet size should be chosen so that the helmet fits securely and evenly.
