Delivery between **Thu 29. Oct - Mon 02. Nov 2026**

4 in stock

Product information

Color: navy

The CCM HT 310 TACKS NAVY is a hockey helmet designed for performance-oriented players and ambitious club players who value a secure, stable fit and a lightweight feel on the ice. The sleek, low-profile shell design has a modern look and remains comfortably compact even during intense practices and tight game situations.

- Technology: R3FLEX Protection for dynamic impact management
- Padding: Dual-density foams with a full-coverage, 3D-molded inner lining
- Fit: Designed for a comfortable and secure fit
- Construction: Lightweight helmet construction with a slim, low-profile shell shape
- Ventilation: Ventilated design for constant air circulation
- Intended Use: Training, tournaments, and regular gameplay
- Color: Navy
- Sizes: S, M, L

The difference compared to simpler helmets becomes apparent quickly, especially during frequent ice sessions: The 3D-molded inner lining fits more snugly against the head, while the combination of R3FLEX Protection and double-density foam is designed to target the areas where impact is most significant during play. Added to this is the ventilated design, which keeps the helmet comfortable even when the pace stays high. For youth and club players who train regularly and don't want to compromise on fit when it comes to their gear, this is a well-rounded package.

When choosing a size, it's worth taking a close look at your head circumference to ensure the helmet fits snugly and securely.
