Protection size-1: JR

TRUE AX5 JR elbow pads are designed for young hockey players who need reliable protection during practice and games without the pads feeling heavy. The HD foam inserts are designed for maximum elbow protection, while the moisture-wicking polyester lining helps keep the pads dry and lightweight even during intense sessions.

- Product Type: Hockey elbow pads
- Protection area: Elbows
- Construction: HD foam inserts

Product information

- Inner material: moisture-wicking polyester lining
- Comfort: Dry and lightweight feel during play
- Agegroup: JR
- Sizes: S, M, L

It's especially important for juniors that protective gear doesn't unnecessarily restrict movement in hockey. This model addresses that need with a simple, clear design: elbow protection and a moisture-wicking inner lining that keeps the pads comfortable to wear on the ice or in the arena. This is especially useful for everyday club play, when there are multiple practices per week and the equipment needs to perform reliably.

When selecting a size, check the appropriate JR size—S, M, or L—to ensure the elbow pads fit securely and don't slip during play.
