Product information

Protection size-1: SR

CCM REF Elbow Pads (CCM EP REF M) are designed for regular use in hockey, where a reliable fit and unrestricted mobility at the elbow are essential. The senior version is primarily aimed at club players and teams looking for straightforward, uncomplicated protective gear for practice and games.

- Product Type: Hockey elbow pads
- Model: EP REF M / CCM REF
- Age group: SR
- Sizes: M, L, XL
- Protection area: Elbows and surrounding arm area
- Intended Use: Practice, games, and everyday club activities
- Fit: Tailored to the selected size

In hockey, in particular, an elbow pad must move with the player without getting in the way during stick handling, one-on-one battles, or quick changes of direction. This CCM model is designed specifically for this type of equipment and is a good fit for players who prefer a practical, game-ready solution without unnecessary extras. This model is also a good choice for clubs or team gear when the focus is on a reliable and straightforward selection.

When choosing a size, it's helpful to consider your existing upper-body and arm gear to ensure the elbow pads fit properly and coordinate well with your shoulder and hand protection.
