Product information

Glove color: red

TRUE A6.0 RED SR is an ice hockey glove designed for players who are looking for a classic fit with plenty of freedom of movement during regular practice and games. The traditional four-wrap construction fits comfortably on the hand, while the red design features a sporty and clean look.

- Product Type: Ice Hockey Glove SR
- Fit: traditional fit for a comfortable feel on the hand
- Construction: classic four-roll design
- Material: Nylon outer shell
- Palm: AX suede, also used on the gussets
- Protection: PRO-GRADE EPP foam with PE inserts
- Thumb: TRUEFLEX+ Lock thumb for greater mobility and flexibility
- Sizes: 13 inches, 14 inches, 15 inches

Club players in particular appreciate gloves that combine a direct feel for the stick, a comfortable fit, and reliable cushioning. That's exactly where this model excels: The AX suede palm enhances stick control without unnecessarily altering the feel of the grip, and the flexible thumb design aids in quick movements involving the puck and stick. In addition, the cuff provides more freedom of movement in the wrist, which is especially noticeable during shots, passes, and tight game situations.

When choosing a size, it's worth taking a close look at the desired coverage of the hand and wrist, especially when switching between 13-, 14-, and 15-inch sizes.
