Product information

Glove color: navy

TRUE CATALYST 5X3 NAVY JR is a junior hockey glove designed for young players who value agility, stick control, and a snug fit during everyday play on the ice. The 10-inch version in navy is well-suited for age and size ranges where equipment needs to be lightweight, easy to handle, and reliable.

- Product Type: Junior Hockey Gloves
- Model: HG Catalyst 5X3 JR
- IntendedUse: Ice hockey training and games
- Color: Navy
- Size: 10 inches
- Other sizes: 11 inches, 12 inches
- AgeGroup: JR

Especially for youth players, a glove shouldn't be unnecessarily bulky while still providing a secure grip on the stick. The Catalyst line is designed for players who value natural hand movement when passing, receiving, and shooting. For parents and clubs, it's especially important that the classification remains clear: a junior model designed for typical hockey use with a practical size range for growing players.

When selecting a glove, the right inch size is key to ensuring a snug fit and maintaining hand mobility on the ice.
